Our Process to Your Clean Laundry:

- 1 HORSE ITEM PICKUP**

Our convenient pickup service ensures a hassle-free experience. Our team will visit your boarding facility, private farm, or home location to collect the horse blankets, sheets, coolers, or other equine items that require professional cleaning and care.
- 2 PRE-CLEANING**

In this crucial first step, each item undergoes a full inspection. The blankets are carefully spread out for a thorough visual examination. A numbered tag is applied to every item, and they are logged into our tracking database. This pre-cleaning process also involves diligent hair, shavings, and crusty manure & urine spots, with 10 minutes for each item. Any additional time required for hair removal is charged at a reasonable rate of \$0.75 per minute.
- 3 WASHING**

Using our industrial-grade washing machines, we specially designed custom programmed cycles for each specific garment type. These cycles were designed specifically for large dirty items, which will be meticulously cleaned based on manufacturer recommendations. Our vegetable-based soap cleaners are specially formulated to thoroughly clean, revitalize the insulation, restore water repellency, and maintain breathability of the materials, leaving them fresh and rejuvenated while following manufacturer recommendations.
- 4 WATER REPELLENT APPLICATION**

For blankets or sheets that have lost their Durable Water Repellency (DWR) capabilities, we offer a water repellent rejuvenating service. Our top-of-the-line wash-in product is specifically designed and optimized for breathable waterproof animal blankets and sheets. It is one of the only products on the market to be listed as safe for use for top product brands like Horseware and Weatherbeeta. It leaves a flexible water repellent treatment on individual fibers, allowing moisture vapor to pass through while protecting your horse from rain. However, please note that our water repellent treatment has its limitations, and not every blanket can be restored to a brand-new condition.
- 5 DRYING**

To preserve the integrity of your blankets and sheets, we never use heated dryers. Instead, we line dry each item, ensuring a gentle and thorough drying process that maintains the original quality and condition of the materials, following manufacturer guidelines.
- 6 PRE-PACKAGE INSPECTION**

Before packaging your cleaned items, we conduct another thorough inspection. We review the blanket tag information and examine the item for any potential areas that may require repair or reinforcement.
- 7 REPAIRS**

Whether your blanket has rips, holes, missing insulation, torn trim webbing, missing belly straps, or broken buckles, our expert repair services have you covered. Using new, tough, and durable materials, just like those used by the original manufacturer, we patch, sew, or reinforce any damaged areas, restoring your items to their optimal condition. We also maintain a stock of new replacement straps and hardware components. Everything is custom to each individual item and we do our best to color match all repairs.
- 8 FINAL INSPECTION**

The final step conducted prior to packaging your item is a third inspection of your cleaned and repaired items. This thorough examination ensures that every aspect of our service meets the highest standards and is conducted by a fresh set of eyes. During this step, we also perform a final cleaning, vacuuming the item and cleaning the velcro closures before your equine items are carefully packaged and prepared for return.
- 9 PACKAGING**

For your convenience and organizational ease, each blanket and sheet is individually packaged in a clear, protective bag, allowing you to easily identify the contents. The bags are then labeled with the owner's name, horse's name, and a detailed description of the items inside, making storage and retrieval effortless.
- 10 BILLING**

We utilize QuickBooks Online for a seamless and efficient digital billing experience. This secure platform ensures accurate invoicing and provides you with a convenient way to view and pay your invoice. Each customer will receive an emailed invoice along with a text message from Quickbooks notifying them that their order is complete and payment is expected prior to delivery.
- 11 DELIVERY**

After your equine items have been meticulously cleaned, repaired (if needed), and properly packaged, we complete the process by delivering them back to the same farm or residence from which they were originally collected, ensuring a hassle-free full-service experience.

All prices are subject to change. Raise the Bar Equine Laundry will launder and return items according to our procedures. We will do everything reasonable to protect your item during processing. Laundering is considered normal wear and tear. We are not liable for reasonable wear/damage/discoloration/fading due to laundering. Laundering damaged items may exacerbate the problem. Our Water Resistant Treatment creates a water resistant barrier that repels water. Results may vary depending on blanket and previous treatments. Water Resistant Treatment is not guaranteed. Problems must be reported at first rain fall that it is in use.

ATTENTION ALL CUSTOMERS - PLEASE READ

1. All items must be in bags (like trash bags, etc.)
2. Laundry Tags: **Please make sure everyone READS it in full**
 - Completed for EACH item
 - The initial at the bottom is only if they KNOW the blanket has repairs but they do NOT want repairs no matter what!
 - **Laundry Tags should be placed at the top of the bag so we can easily access it. ****
4. Turnaround will be about 3-4 weeks right now for items needing repaired.
5. Once a customer's entire order is complete then I will email AND text a link to their invoice. They will be able to pay directly online with a multitude of options (CC, Paypal, Venmo, Apple Pay, Bank Account Withdrawal), they can venmo me directly at @RTBEquineLaundry, or cash/check.
6. Payment is due PRIOR to delivery. In order to keep the flow properly moving, I need to complete the entire farm's order and then get them out the door for delivery as soon as they are done. This means payment is expected to be completed immediately upon completion with a grace period of 5 days. Late fees will start if payment is not completed within the grace period.
7. If anyone foresees payment being an issue within our turnaround timeline, then please keep the lines of communication open. Those individuals need to contact me privately before pickup so we can discuss payment arrangements. *This would be best to do via Text 937-414-1446 or FB Messenger (On our Business Page).
8. Lastly, if anyone has any questions please feel free to contact me with those! I prefer written communication because the shop is very loud with vacuuming which makes it difficult to be able to answer the phone during the day. I can respond quickly via text or Facebook.

LATE FEE POLICY: Payment is due immediately upon completion of services. You have a 5 day grace period from the initial invoice date. If payment is not received within 5 days from the initial invoice date, you will receive a one time \$25 late fee and a monthly late fee of 15% of the total invoice amount.

PAYMENT ARRANGEMENTS: Payment arrangements are available for those that need it. You will not be charged late fees if you contact us BEFORE your invoice due date. You will need to put your credit card on file and automatic payment dates need to be scheduled. Delivery is scheduled AFTER payment has been received in full.
